Thank you for your business and the opportunity fix your handling issues.

Shipping tips – we generally don't have shipping issues but to make it smoother...:

- DO NOT SEND Bolts – just zip tie the bushings.
- Wrap with bubble wrap at least twice around.
- Separate shocks by at least one layer of cardboard and protect the Schrader valves.
- Please clean your shocks, if they are really nasty, there is a clean up charge.
- Tape both sides of box well.
- Fill this form out and send inside the box with the shocks.
